

To make an offer on the Southern Company DEVELOPMENT webMarket site:

1. Log into the OATI Southern Company webMarket site.  
(<https://dev.socowebmkt.oatiwebtms.com>) – Note: this link goes to the DEVELOPMENT site, not the Production site.
2. Go to the TRADING tab (upper left), go to OFFERS.
3. Within the OFFER screen, select “New HA Offer” to enter a new hour ahead offer.

4. Within the HA Offer Entry screen, make sure the hour you are offering on is the correct hour. If you wish for all your offers to be linked (i.e. you want the block above to be awarded prior to each subsequent block), under **Type** select “Dependent Blocks”, otherwise select “Independent Blocks” if your offers are not linked to the others. Select “N/A” for **Class**, there are no class definitions entered at this time.

Enter the MW amount that you wish to offer and the price you wish to receive for your offering. If you do not want to be able to have your offer partially won, click on the “Full Match” box within the block you are offering. You can make multiple offers by entering them in different blocks. Once your offer is entered correctly, click the “enter” button to submit your offer.

- Once your offer is made, you will be able to see the offer details from the OFFERS screen. Once the auction has cleared, you can select your offer details to find out your offer status. A status of *PROCESSED* means your offer was not accepted and your MW were not awarded. A status of *CLEARED* means your MW were awarded to a bid; your offer was at least partially awarded. By selecting the offer view option (see below) you can see the results of your offer.

- The Offer View will also allow you to see which of your blocks (if you entered several blocks) were awarded to bids and which ones were not. The auction clearing price is listed at the top of the Offer View for offers that had MW awarded.
