

Glen Chick

Site Vice President, Alvin W. Vogtle Electric Generating Plant, Units 3 & 4
Southern Nuclear Operating Company

Glen Chick is executive vice president of Vogtle 3&4, a position he assumed in 2019.

Chick joined Southern Nuclear in 2018 as project director for Vogtle 3&4. He was later promoted to vice president, then senior vice president, of construction for the project.

Prior to joining Southern Nuclear, Chick worked in construction and start-up of Comanche Peak Nuclear Power Plant. He also served as the Exelon corporate vice president of outage alliances and projects where, over the course of more than five years, he oversaw the fleet's extensive capital projects and industry-leading outage programs.

Chick's experience in the nuclear industry spans some 40 years, during which time he was also maintenance director, plant manager and site vice president at Three Mile Island, work management director at Crystal River Nuclear Power Plant and maintenance director at Perry Nuclear Power Plant.
