

Here is our plan for handling the BIT for the upcoming Gaston and Gorgas outages:

Gaston 3

Inspect 9/11 – 9/20

8 Plant Gaston Personnel

2 Contract Inspectors

Gorgas 8,9, 10

Inspect 10/3 – 10/21

4 Plant Gorgas Personnel

2 Gaston Inspectors

2 Contract Inspectors

We need to move fast on this especially in the case of Gaston. We would like to leverage the fleet wide inspections for a possible contract discount.
